

ANISHINAABEKWE GRASSROOTS MOVEMENT

A grassroots comprehensive community management action plan

This is a National Non-Political Anishinaabekwe Grassroots Movement of Territory community members and non-native friends of the Anishinaabe that have been invited and welcomed to share information and ideas on how to address the wide reaching illicit drug epidemic in every community across Turtle Island. All families and friends of the Anishinaabe are welcome to attend this non-political "information" sharing circle.
